LAUNDRY MACHINE COMPANY
GOING INTO NEW BUILDING
Local Firm Takes Possession of Newly
Equipped Plant.

The Watts Laundry Machine Company is moving into their new plant on the proposed Wilson street and production will start there by the first of next week. The company has been located for the past three years in a building on Mansfield avenue, leased from the Vanderman Foundry company by them will be completely moved out of that place by the first of December. The factory into which the company is moving is a one-story brick building at the foot of Wilson street, near the South Coventry trolley line car barn, near the railroad tracks. The building is 120 feet by 60 feet, with a basement 60 feet square. Ample room has been left for the growth of the concern, as the lot is 400 feet long. A spur track for the company will be built soon, since the location of the new plant graph wires delayed the construction this summer.

On the northwest corner of the main floor is the office, connecting with the private office of Mr. Watts. On the southwest corner is the stock room. At the east end of the building there is an incline which makes it possible for trucks to enter the building. It is well lighted, as the south wall is practically all windows and ceiling is high. On this floor, there will be a traveling crane which will have access to practically half the main floor. It is of four tons capacity and is the only one in the city. It is a place where the contents of the trucks which are driven onto the floor, may be taken out and placed where desired. Another unusual feature is the 12-ton lathe, the largest in this city. The bed of this lathe is 32 feet and the distance between centers is 26 feet with a swing of 23 inches, that is, the lathe

How Magnesia Helps Dyspeptics

To Neutralize Stomach Acidity,
Overcome Food Fermentation,
Gas, Stop Indigestion.

Many dyspeptics have now discontinued the use of expensive patent foods and starvation diets, are eating what they please in reason, yet no longer take laxatives, cathartics and artificial digestants to relieve their stomach trouble. Instead they just take a teaspoonful of pure Bismarck Magnesia in a little water after meals, with the result that they enjoy life and money but enjoy much better health and the stomach no longer gives them trouble. Those who have once tried Bismarck Magnesia never dread the approach of meal time because they know that this wonderful anti-acid and food corrective, which absolutely does not injure the stomach and which can be obtained at little cost at any reliable drug store in either powder or tablet form, instantly neutralizes all excess stomach acidity and prevent all possibility of their food souring or fermenting in the stomach. This is a fact, and you can be sure to get Bismarck Magnesia, as magnesia, in tablet form often have a strong laxative effect which is not desirable.

WAR WORK CAMPAIGN

QUOTA EXCEEDED BY \$350

Big Spurt in Final Day Brings Total Up to \$10,180.16.

Willimantic and district went \$355 "over the top" in the Red Triangle campaign in this city, which ended Monday evening. The local apportionment was originally \$9,825, but it was reduced \$645 when Willimantic was transferred to another division, so the final minimum allotment was \$9,180 and \$10,180.16 was subscribed, or \$355.16 extra.

At the last reports, which were made Saturday evening, only \$7,742 had been received and there was \$2,300 to collect. Up to noon, Monday, the total rather blue for the campaign in this city, according to Mr. Elmendorf, but when the outside places commenced to report, the prospect became more cheerful. Many of the men worked all day Sunday and part of Monday which accounts for the large total reported. A total of 1822 individual contributions were reported, about one-third of them in the last two days.

The figures which were given out at headquarters, Monday evening followed, but they are not absolutely correct as they were compiled as fast as the reports came in and there may be a few mistakes.

PUTNAM MAN FINED

Alvin LeClair Disregarded Miss Blanchette's Signal and Ran in Front of Her Car.

Before the police court Monday morning, Alvin LeClair of Putnam pleaded guilty to violating the traffic rules of the city. The charge was brought against him as the result of an accident at the head of Railroad street Sunday afternoon, when a car driven by him struck a car driven by Miss Mary Rose Blanchette, when he tried to pass in front of her after she had held out her hand to show him that she intended to turn. LeClair did not have a license with him as the result of a dealer who was in the car. He was fined \$2 and costs, amounting to \$10.20 which he paid. In addition, he agreed to pay Miss Blanchette for the damage done her car.

Sentenced to Norwich—Put On Probation.

Mary Kaplan pleaded not guilty to a charge of intoxication. Chief Killourey arrested her Saturday afternoon in front of St. Joseph's hospital as the result of a complaint and she was drunk. Judge Foss sentenced her to a year at the Norwich State Farm for intoxication and then placed her on probation for three months, with the understanding that if she is brought before the court again, she will take a trip to Norwich.

Insurance Rates Increased.

The country-wide raise in insurance rates went into effect in this city Monday morning. The raise is ten per cent. When the new fire apparatus was introduced, the rate was reduced on some risks, so the rate is about what it was before the reorganization of the department.

Brush Fire.

The fire truck was called out Monday afternoon for a brush and grass fire on Godfrey street. The blaze was on a lot belonging to the American Thrash company and was put out with two extinguishers and by the use of brooms.

JEWETT CITY

Borough's Early Morning Scare Due to Aspinook Whistle—Death of Mrs. Margaret Larkham—Y. M. C. A. Fund Totals \$1,115.

In the dead hours between one and two a. m. Monday, the big whistle of the Aspinook bleary took a bad spell. The case was mild at first, but after ten minutes of spasmodic barage work it got down to business and blew its stentorian note steadily for half an hour or more.

In all parts of the sleeping town, people began to awaken and sit up. Take notice. Windows were thrown open, people rushed to the street, the telephone exchange was ringing with anxious calls of inquiry. Members of the fire company hurried to the hose house, and then what?

After the excitement had started to abate a little, and there were no signs of fire to be seen, everyone thought of trouble at Aspinook.

Miss Ruth Miner, on duty as night operator at the telephone exchange was the first to report from Lisbon. It was at first believed, the sound being distorted by the half a gale of wind that was blowing, that it was the Greenville whistle, or possibly Plainfield or Versailles. Miss Miner called these out of town mills, finally learning that the Aspinook whistle, then came every body's fears by repeating the story to all who called in.

There was a report from Lisbon man and also from a resident of the south part of the town, that they were upon the point of starting for Jewett City, as the whistle stopped, and the trouble was remedied as speedily as possible by the night men on duty at the plant.

November Clover.

Mrs. Larkham died at the home of her niece, Mrs. Ella Chubb, who has lived during the winter seasons in the home of Mrs. T. B. Keen and Mrs. A. C. Goodness, and a party of Western several weeks helping care for her aunt.

TOTAL IS \$1,115.

Raised For Y. M. C. A.—Town's Quota Was \$700.

The apportionment for the town of Griswold for the Y. M. C. A. fund was \$700. Through the enthusiasm of L. M. Carpenter the amount raised was \$1,115, the greatest amount of the fund being secured through his personal solicitation. The amount received from Tag Day, Friday, and the committee were enthusiastic in their praise of the willingness of the young people to help the cause. Some of the girls gave the money for two Tag Days' work, as they solicited for the Armenian-Syrian Relief fund on Saturday. But they were anxious to do their bit. The canvassers on Tag Day were: Miss Elsie Jodoin, Ruth Stewart, Alice Blair, Lucile Stetson, Isabel Marshall, Irene Brickley, Mabel McBroome, Lottie Pace, Mrs. P. H. Gilbert, Richmond Gardner, Thomas Barnett, Ulderico Podo, Gilbert Miner, Jr., in Jewett City. Mrs. Jane Lester of Pachaug and Theodor McGovern of Glasco, J. H. Shea, G. C. Swift and A. M. Brown were members of the committee who rendered most efficient service.

Sunday Visitors.

Mrs. Annie Soule and Miss Gertrude McWhiggin of Willimantic, who were at Rev. E. Anthony's and Mr. and Mrs. George C. Soule and Thomas Soule of East Greenwich, R. I., were at Mr. and Mrs. E. Sunday.

The Number of Deaths in the Town of Griswold for October was Five:

Martha Berridge, of arterio sclerosis; James Davis of valvular disease of the heart; James Duffy of acute gastritis; Thomas Keen of mitral regurgitation; Jean E. Leclair, of heart failure.
